Roles of Interactive Teacher

teacher talk for instruction in the classroom

Interactive principle

Rational

- The goal of learning a language is the ability of using the language to communicate, and for that purpose the opportunity to use the target language should be provided.
- Interaction is the collaborative exchange of thought, feelings, or ideas between two or more people and that it results in a reciprocal effect as it involve the use of the language in various context to "negotiate" meaning.
- Teacher should be able to "rough-tone" their language
